MEMORANDUM FOR: Director of Logistics

SUBJECT : Inspector General's Survey of the EE Division

1. A recent survey of the EE Division by the Inspector General raised the question of reimbursement by Agency personnel for personal use of quasi-personal vehicles.

2. Attached is a memorandum received from the General Counsel which outlines some considerations pertaining to this problem. Please develop a statement of Agency policy and proposed formula for reimbursement which could be included in the Agency regulatory series. You should consult with Regulations Control Staff as to whether this will take the form of a new regulation or an amendment to existing regulations.

SIGNED

H. GATES LLOYD
Assistant Deputy Director
